

Cristina Shaver

Front-End Developer

www.cristinashaver.com

cristina.shaver@gmail.com • (972) 603-8516

Qualifications

- Five years of hands-on experience building user interfaces for a wide range of browsers and devices in fast-paced, cross-team, and multi-agency team environments.
- Extremely proficient in JavaScript, HTML, and CSS as well as multiple JavaScript frameworks, with a love and a knack for learning new skills.

Experience

Lead Front-End Developer

NOVEMBER 2013 - PRESENT

Traction, SAN FRANCISCO, CA

- Led a small team overhauling the UI for a system of multiple customer-facing concierge web applications for a global market, with an emphasis on accessibility standards.
- Led development for yearly redesigns and updates for a high-traffic product reservation application, including considerations for localization, accessibility, and inflexible deadlines pinned to retail campaigns.
- Helped improve and overhaul an email templating system used to quickly develop pixel-perfect HTML email campaigns.

Java Developer Intern

MAY 2013 - AUGUST 2013

Travelocity, DALLAS, TX

- Developed enhancements for Travelocity's internal travel agent webapp using J2EE and Google Web Toolkit.
- UX developer on an intern-led project using the Twitter API to mine customer sentiment about flights and airlines.

Developer Intern

MARCH 2012 - AUGUST 2012

Vertical Nerve, DALLAS, TX

- Developed and maintained over 30 web projects for clients using an in-house CMS, including both front-end and back-end development.
- Offered support to peers through CMS and UNIX training and instruction.
